

	General Terms and Conditions for Equipment Rental	Réf : AD-LOC-CG-01-202608121-NathOrbit-EN Date : 21/08/2026 Page : 1/2
--	--	--

Introduction

The NathOrbit Association is a non-profit organization founded on solidarity, sharing, and mutual assistance. Our mission is to provide the community with high-quality equipment that is accessible to everyone, in order to facilitate cultural, educational, sports, or event projects.

In this spirit of pooling resources and collective responsibility, we offer for rent the items listed below. Each loan is subject to simple and transparent conditions that reflect the values of fairness and friendliness that drive our association. By choosing our equipment, you not only support your own initiatives, but also contribute to the vitality of our association's life, the sustainability of free or low-cost services for all, and the very growth of the association itself. We therefore invite you to browse the following references, contact us for any reservation request, and share with us the wonderful projects you will be able to realize thanks to this equipment made available to you.

1. Object and Scope

These General Terms and Conditions (hereafter GT&C) govern the provision / rental of any equipment to natural or legal persons entitled to use it, in accordance with Articles 1-11 below. They apply to all members, volunteers, partners and, where applicable, to third parties authorised by the Association.

2. Equipment and Reservation

The reference list enumerates all equipment that can be made available and is updated regularly; actual availability is confirmed at the time each reservation is validated. Reservations are made by e-mail and are confirmed upon acceptance of a quote issued by the Association.

3. Duration of Availability

- Minimum duration: 1 day.
- Maximum duration: 7 consecutive days (unless a prior agreement is obtained from the Board).

Any extension must be requested at least 24 hours before the scheduled return date and will be subject to availability.

4. Fees and Cost-Sharing

A 50 % deposit is required at the time the quote is signed; the remaining balance is payable when the equipment is handed over, either in cash or by bank transfer.

A security deposit may be required depending on the reservation, as stated in the quote. It will be returned within 48 hours after the equipment is returned, provided its condition is verified.

In case of damage, loss or theft, the security deposit may be retained, wholly or partially, proportionally to the estimated replacement or repair cost; any remaining amount, if applicable, will be claimed from the client.

Any delay in returning the equipment triggers a penalty as indicated in the quote, in accordance with the contractual conditions.

5. Lessee's Responsibility

5.1. The lessee commits to:

- Use the equipment for its intended purpose and in accordance with the usage instructions.
- Keep it in good condition, clean it if necessary, and return it complete (accessories, cables, manuals).
- Immediately report any malfunction, damage or theft.

5.2. The lessee may not sub-let, lend or make the equipment available to unauthorized third parties.

6. Insurance

The Association insures the equipment against major risks (fire, theft, water damage) under its civil-liability policy. The lessee is encouraged, when appropriate, to obtain supplemental insurance covering third-party liability and material loss.

7. Authorized Use

The equipment must be used:

- In compliance with current safety standards.
- At the location specified in the quote.

8. Maintenance

The Association carries out routine maintenance of the equipment. The lessee must:

- Return the equipment clean and free of waste.
- Not perform any repairs or adjustments without prior authorisation.
- In case of a breakdown, notify the Association; the Association will arrange repair or replacement.

9. Dispute Management

All claims must be submitted in writing to the Association's Board within 15 days after the equipment is returned. The dispute will be examined by the Management Committee and a response will be provided within 10 working days. If an amicable agreement cannot be reached, the parties may bring the matter before the competent courts, in accordance with the applicable legislation (French law of 1 July 1901).

10. Amendment of the Terms

The Association reserves the right to amend these GT&C at any time. Any changes will be communicated to members by e-mail and published on the website, with a 15-day notice period before they take effect.

11. Acceptance

Each quote given to the lessee contains the following statement:

"By signing the quote at the time of reservation, the lessee acknowledges having read, understood and accepted the entirety of these General Terms and Conditions and undertakes to comply with them."

This clause is therefore incorporated into the quote and is a prerequisite for the validation of any reservation. It confirms that the lessee has duly taken notice of the GT&C and commits to applying them.
